STUDENT TESTIMONIAL

Ajan Subramanian Kumar – RBL Bank – WILP Batch 1

I have learnt new interesting things through this program. I test the academic principles, on regular basis, in real-time scenarios to get a better clarity. What I find is that the academy portrays a top-down perspective, while my job provides a bottom-top approach. This shift in perspective helps me ascertain the gap between the theories and practical aspects of the subject.

Aditi Srivastava – Bank of Baroda – WILP Batch 1

Manipal has designed this course in a fashion that enables a banking professional to complete the course easily. The knowledge gained through online classes and work-life integration of subjects has helped me in my professional life. I would like to state that I am very proud to be a student of the first batch of MBA in Banking and Finance (WILP Program)
